

# Mounting the Filigree

Model No. FL \* \*

Before discarding packaging materials, be certain all parts have been removed

You will find the filigree (set of 2) and the hardware packet (FLHDW\*\_\*) in its own package (FL\*\_\*).

## INSTALLATION NOTE

**Do not fasten the filigree while fan is operating. Personal injury may result and/or damage to the fan blades.**

1. Attach foam pads as shown (Figure 1).

**NOTE:** Pads may already be attached.

2. Insert two screws through the mounting bracket holes in the filigree pieces and secure to the extension pole. Do not over tighten the screws.

3. Repeat this process for the bottom holes (Figure 1).

**NOTE:** The foot of the filigree rests on the top of the horizontal tube.

## INSTALLATION NOTE

**IF one of the filigree feet does not touch the horizontal tube. Loosen the connecting harness bolts and locknuts, and adjust the horizontal tube so that both filigree feet touch the tube.**
